THE
ROCK'N'ROLL POETRY TRAIN

"Rock'n'Roll Versus Poetry"

*The **Rock'n'Roll Poetry Train** embarks on a journey that combines the raunchy entertainment of Rock'n'Roll with dramatic, thought provoking Poetry.*

Rob Cairns'** flamboyant and energetic delivery of classic songs is in direct contrast to the serious, yet dramatic reciting of **Tony Stringfellow.

The styles of the two artists rebound off one another with a perceptive rhythm of performance that leads the audience in an engrossing dance of topics, fostering thoughtful consideration.

It is an ongoing journey with new scenery around every bend of the track.
